

NIKTEK recieves three Microsoft Certifications

Contributed by John Nikolatos
Wednesday, 10 January 2007

Continuing to achieve their certification goals, NIKTEK LLC was awarded three Microsoft Certification levels in 2006.

Information Worker Solutions - Office Systems Desktop Deployment

Networking Infrastructure Solutions

Small Business Specalists

These certifications prove that NIKTEK's commitment to clients that stay on top of the latest technologies and certifications is being achieved. It allows NIKTEK to compete with others by giving NIKTEK access to training, marketing materials and technical support that other uncertified company's could not receive.

This will give NIKTEK the ability to help our customers better manage, prioritize, and collaborate on increasing volumes of information that they are having to manage.
