

NIKTEK partners with NeverFail

Wednesday, 07 July 2004

NIKTEK has established itself as a Neverfail Certified Partner, with multiple Neverfail Certified Implementation Engineers and Certified Sales Specialists. This has set NIKTEK apart from the competition when it comes to designing and deploying high-availability solutions utilizing the Neverfail Group's array of products for Exchange, SQL Server, Sharepoint, File Sharing, Blackberry Server, IIS, and more.

About Neverfail Group

Established in 1994, Neverfail Group is one of the world leaders in business continuity services and solutions, with offices in six countries around the world. Neverfail Group is privately owned and funded and has won 16 business awards over the past six years. Neverfail Group are the authors and owners of www.globalcontinuity.com and www.itcontinuity.com the worlds only portals focused exclusively on keeping IT systems secure, safe and continuous, with members in over 100 countries worldwide. We have a range of NeverFail services and solutions dedicated to continuous business processing, from mobile recovery solutions for Intel servers and PCs to business continuity consulting services.
